=====
Kenzaburō, the winner of the 1994 Nobel Prize for Literature, is internationally acclaimed as one of the most important and influential post-World War II writers, known for his powerful accounts of the atomic bombing of Hiroshima and his own struggle to come to terms with a mentally handicapped son. The Swedish Academy lauded him for his "poetic force [that] creates an imagined world where life and myth condense to form a disconcerting picture of the human predicament today."

His most personal book, *A Personal Matter*, is the story of Bird, a frustrated intellectual in a failing marriage whose utopian dream is shattered when his wife gives birth to a brain-damaged child.
