Nominated for an Edgar award for best mystery of the year, *City of Glass* inaugurates an intriguing *New York Trilogy* of novels that *The Washington Post Book World* has classified as "post-existentialist private eye... It's as if Kafka has gotten hooked on the gumshoe game and penned his own ever-spiraling version." As a result of a strange phone call in the middle of the night, Quinn, a writer of detective stories, becomes enmeshed in a case more puzzling than any he might have written. Written with hallucinatory clarity, *City of Glass* combines dark humor with Hitchcock-like suspense.

Ghosts and *The Locked Room* are the next two brilliant installments in Paul Auster's *The New York Trilogy*.
