=====
It is twenty years after Nazi Germany's triumphant victory in World War II and the entire country is preparing for the grand celebration of the Führer's seventy-fifth birthday, as well as the imminent peacemaking visit from President Kennedy.

Meanwhile, Berlin Detective Xavier March — a disillusioned but talented investigation of a corpse washed up on the shore of a lake. When a dead man turns out to be a high-ranking Nazi commander, the Gestapo orders March off the case immediately. Suddenly other unrelated deaths are anything but routine.

Now obsessed by the case, March teams up with a beautiful, young American journalist and starts asking questions... dangerous questions. What they uncover is a terrifying and long-concealed conspiracy of such astounding and mind-numbing terror that is it certain to spell the end of the Third Reich — if they can live long enough to tell the world about it.
