The Pulitzer Prize-winning author of *Beloved* and *Jazz* now gives us a learned, stylish, and immensely persuasive work of literary criticism that promises to change the way we read American literature even as it opens a new chapter in the American dialogue on race.

Toni Morrison's brilliant discussions of the "Africanist" presence in the fiction of Poe, Melville, Cather, and Hemingway leads to a dramatic reappraisal of the essential characteristics of our literary tradition. She shows how much the themes of freedom and individualism, manhood and innocence, depended on the existence of a black population that was manifestly unfree--and that came to serve white authors as embodiments of their own fears and desires.

Written with the artistic vision that has earned Toni Morrison a pre-eminent place in modern letters, *Playing in the Dark* will be avidly read by Morrison admirers as well as by students, critics, and scholars of American literature.
