**The first nonfiction work by one of the most distinctive prose stylists of our era, Joan Didion's *Slouching Towards Bethlehem* remains, decades after its first publication, the essential portrait of America—particularly California—in the sixties.**

It focuses on such subjects as John Wayne and Howard Hughes, growing up a girl in California, ruminating on the nature of good and evil in a Death Valley motel room, and, especially, the essence of San Francisco's Haight-Ashbury, the heart of the counterculture.
