**Cover note: Each copy of the anniversary edition of *The Blind Watchmaker* features a unique biomorph. No two covers are exactly alike.**

Acclaimed as the most influential work on evolution written in the last hundred years, *The Blind Watchmaker* offers an inspiring and accessible introduction to one of the most important scientific discoveries of all time. A brilliant and controversial book which demonstrates that evolution by natural selection - the unconscious, automatic, blind yet essentially non-random process discovered by Darwin - is the only answer to the biggest question of all: why do we exist?
