Hailed as a masterpiece since its publication in 1962, *The Death of Artemio Cruz* is Carlos Fuentes's haunting voyage into the soul of modern Mexico. Its acknowledged place in Latin American fiction and its appeal to a fresh generation of readers have warranted this new translation by Alfred Mac Adam, translator (with the author) of Fuentes's *Christopher Unborn*.

As in all his fiction, but perhaps most powerfully in this book, Fuentes is a passionate guide to the ironies of Mexican history, the burden of its past, and the anguish of its present.
